services of volunteers when such personnel are generally available, training participants and public service employment workers, pursuant to JTPA, to work under the supervision of qualified supervisors and foremen;

(e) To the maximum extent practicable, the use of weatherization assistance shall be coordinated with other Federal, State, local, or privately funded programs in order to improve energy efficiency and to conserve energy;

(f) The low-income members of an Indian tribe shall receive benefits equivalent to the assistance provided to other low-income persons within a State unless the grantee has made the recommendation provided in § 440.12(b)(5);

(g) No dwelling unit may be reported to DOE as completed until all weatherization materials have been installed and the subgrantee, or its authorized representative, has performed a final inspection(s) including any mechanical work performed and certified that the work has been completed in a workmanlike manner and in accordance with the priority determined by the audit procedures required by § 440.21; and

(h) Subgrantees limit expenditure of funds under this part for installation of materials (other than weatherization materials) to abate energy-related health and safety hazards, to a list of types of such hazards, permissible abatement materials and their costs which is submitted, and updated as necessary at the same time as an annual application under § 440.12 of this part and which DOE shall approve if—

(1) Elimination of such hazards are necessary before, or as a result of, installation of weatherization materials; and

(2) The grantee sets forth a limitation on the percent of average dwelling unit costs which may be used to abate such hazards which is reasonable in light of the primary energy conservation purpose of this part;

(i) The benefits of weatherization to occupants of rental units are protected

(3) Has responsibility for advising the appropriate official or agency administering the allocation of financial assistance in the State or area with respect to the development and implementation of a weatherization assistance program.

[49 FR 3629, Jan. 27, 1984, as amended at 58 FR 12529, Mar. 4, 1993]

EFFECTIVE DATE NOTE: At 65 FR 77218, Dec. 8, 2000, § 440.17 was amended by revising paragraph (a) introductory text and adding paragraphs (b) and (c), effective Jan. 8, 2001. For the convenience of the user, the revised and added text is set forth as follows:

§ 440.17 Policy advisory council.

(a) Prior to the expenditure of any grant funds, a State policy advisory council, or a State commission or council which serves the same functions as a State policy advisory council, must be established by a State or by the Regional Office Director if a State does not participate in the Program which:

* * * * *

(b) Any person employed in any State Weatherization Program may also be a member of an existing commission or council, but must abstain from reviewing and approving activities associated with the DOE Weatherization Assistance Program.

(c) States which opt to utilize an existing commission or council must certify to DOE, as a part of the annual application, of the council's or commission's independence in reviewing and approving activities associated with the DOE Weatherization Assistance Program.

§ 440.18 Allowable expenditures.

(a) An average of at least 40 percent of the funds provided in a State under this part for weatherization materials, labor, and related matters included in paragraphs (c)(1) through (9) of this section shall be spent for weatherization materials, except if DOE approves a State's application to waive the 40 percent requirement under § 440.21(h).

(b) The expenditure of financial assistance provided under this part for labor, weatherization materials, and related matters included in paragraphs (c)(1) through (9) and (c)(15) of this section shall not exceed an average of \$1,600 per dwelling unit weatherized in the State, except as adjusted as follows:

(1) The \$1,600 average will be adjusted annually by DOE beginning in calendar

year 1991 by increasing the limitation by an amount equal to:

(i) The limitation amount for the previous year, multiplied by

(ii) The lesser of:

(A) The percentage increase in the Consumer Price Index (all items, United States city average) for the most recent calendar year completed before the beginning of the year for which the determination is being made, or

(B) Three percent.

(2) In addition to the average per-dwelling-unit limitation applicable in a State under this section, DOE shall, upon application by a State, establish a separate average per-dwelling-unit limitation for dwelling units in such States which conform to program requirements and, in addition to any other weatherization modifications, have capital-intensive furnace or cooling efficiency modifications as defined in § 440.3 made under this part. The average per-dwelling-unit limitation applicable in a State which meets these requirements shall not exceed an amount equal to:

(i) The amount permitted for the expenditure of financial assistance for labor, weatherization materials, and related matters for dwelling units in such State in paragraphs (c) (1) through (9) and (c)(15) of this section plus

(ii) An amount determined by the State to be the average amount that is appropriate for capital-intensive furnace or cooling efficiency modifications of dwelling units of the type assisted under this part in such State and approved by DOE.

(c) Allowable expenditures under this part include only:

(1) The cost of purchase and delivery of weatherization materials;

(2) Labor costs, in accordance with § 440.19;

(3) Transportation of weatherization materials, tools, equipment, and work crews to a storage site and to the site of weatherization work;

(4) Maintenance, operation, and insurance of vehicles used to transport weatherization materials;

(5) Maintenance of tools and equipment;
